

## Resume

Paul D Allen  
CEO Allen Enterprises 2000

### Work History

1960-1993

My first job in grade school was a paper route, in high school I drove delivery truck for dry cleaners in West Bend, WI, worked at retail stores, A&P Grocery. Graduated 1966.

After high school I worked at Gehl Company, U. of Wisconsin-Oshkosh, Harley-Davidson Motor Company (1970-1976) sweeping floors, union leader(AIW), Union Standards Analyst(AIW), Manufacturing Engineer(Mgmt)

As an engineer from 1976-June 1985 I worked for a number of companies in Wisconsin and Kansas. I gained significant experience in chemical engineering, motor manufacturing, tooling and process development, new product design, new tech design and justification.

1985-1993 Senior Corporate Manufacturing Engineer at Milwaukee Electric tool. My boss's boss was a brilliant engineer at Harley-Davidson when he saw my work on the Harley Transmission, a British design that I nixed, and my study of Japanese automation, and CULTURE. I was given free reign to create my own work, and make Milwaukee Electric Tool millions of dollars!

I decided on another calling....

1993-Present CEO Allen Enterprises 2000

I specialize in Pastoral Counseling, Real Estate Development, Real Estate Brokerage, Manufacturing Engineering, Project Management, Capital Acquisitions, Negotiation and Mediation Services.

### Education

West Bend High School June 1966
